Citizens,

Beware of the beast congress, alone among God's primates. They lie cheat and steal for their benefit and the special interests they serve. Implement term limits or they will make a wasteland of the government's bank accounts and yours. Limit them! Drive them back into the population. For they and they alone are the harbingers of national destruction.

We have traded one tyrant in the form of the King of England, for 535 self serving elitist prima donnas that have turned the heart of our republic, the legislative branch of government, into a retched hive of scum and villany oozing with corruption.

I took an oath like many of you to protect our republic and constitution from enemies both foreign and domestic and I write without reservation; our corrupt bipolar two-party system of self serving and special interest serving congress, is more of a threat to our republic than: the Taliban, Al-quaeda, Abu Nidal, Al-Shabaab, ISIS and whatever other wack-A-mole pops his head up, since George W. Bush waged an illegal Holy War under the guise of weapons of mass destruction.

We have been betrayed by a media complex where 5 corporations control 94% of the News outlets and 97% of what we see on television. A media complex that has traded content for commentary and call it news, when in reality, it is not about giving "news" it is about making policy. Are we going to wait until there's 2 and call it choice like our bipolar 2 party system of self serving government?

Our Second president, John Adams said: They are two ways to conquer and enslave a nation, one is by the sword and the other is by debt. Thomas Jefferson: "Experience has shewn, that even under the best forms of government those entrusted with power have, in time, and by slow operations, perverted into tyranny." President Washington, in his farewell address, expressed deep concern regarding allegiance to "political party" over allegiance to country.

I have yet to see democrat or republican at the bottom of a tombstone in any Veteran's cemetery I have ever visited. A country that allows me 36 choices for cereal but when it comes to the leadership of our nation, we have to choose between dumb and dumber or worse the lesser of 2 evils, one more choice on the ballot than a totalitarian state?

I will not seek a second term to the U.S. Congress or take any donations. Your country needs your time not your money. I will only accept half of the \$174,000 the members of congress get paid. The future of this nation is in your hands.
